

TREND GUIDE

2022

THE STYLISH
ALTERNATIVE TO TILES

Get Inspired

We have carefully compiled our range of designs in response to the latest interior trends, ensuring we have innovative styles for all. This guide brings our knowledge of interiors, styles, and products for those looking for a touch of inspiration.

Nature

Bringing the outside in has become increasingly popular in home design, not excluding our bathrooms. Natural environments stimulate the senses to generate positivity, calm, and a sense of well-being. From the serene presence of pastel flora and fauna motifs to bold jungle patterns, conjure up a feeling of visual escapism and make your bathroom feel like the perfect space to retreat, unwind and reconnect.

Luxury

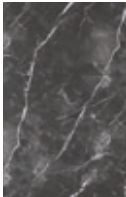

While some of the more bold and quirky trends may not have longevity, luxury is here to stay. Over the past few years, the desire for your bathroom to become your private spa has increased considerably. These designs offer a stylish backdrop to add that touch of opulence, a private sanctuary for enjoying moments of peace and well-being.

Escapism

With the growing desire to escape our hectic daily lives and indulge in warmer climates, this trend is all about boosting your mood. There is no better feeling than creating your own transoceanic haven. Channel your romantic ideas with a pop of colour and stunning backdrops.

Comfort & Warmth

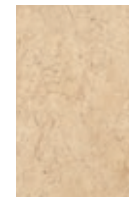

Fans of the more natural and monochrome trends will welcome this calming colour palette based on the emerging trend Japandi. This fusion of minimal Japanese style and simple Scandinavian accents is perfect for that softer vibe. The earthy hues paired with wood and brass effects are simplicity at its best.

Funky & Playful

When designing a bathroom, mixing old and new, bold and beautiful, is a trend for those willing to have fun, take a risk, and create a truly unique space. The secret to making it work is balancing and pairing statement walls with clean lines and fewer accessories.
