## Laminate

All decors from the Original, Impression and Majestic collections are manufactured from an Exterior Grade MDF core and finished with a high pressure laminate (Laminate), creating 10.5mm thick panels. Choose from Square Cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims.

All Laminate panels are 10.5mm in thickness.

SEALANT, ADHESIVE & CLEANER

Laminate panels use Showerwall Adhesive to adhere to the wall and Sealant for joins between panels and edges, note Sealant is available in both a translucent and white finish.

Translucent or White Sealant 300ml

RRP	RRP (Inc VAT)
£15.00	£18.00

Showerwall Panel Adhesive 350ml

RRP	RRP (Inc VAT)
£12.60	£15.12

Showerwall Antibacterial Cleaner 500ml

£5.70	£6.84

We recommend that Showerwall's own brand of adhesive and sealants are used for the effective fitting of the Laminate product. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

## Acrylic | The Acrylic Collection

All decors from the Acrylic Collection are manufactured from a 4mm thick acrylic sheet that is rear printed to create a polished glass-like finish. This material is 100% waterproof and therefore it does not require any trims; panels are simply joined together using sealant.

### Acrylic Panels

Acrylic Collection panels measure **2400mm** in height, and are available in either **896mm** or **1200mm** widths.

All Acrylic panels are 4mm in thickness.

## SOLID COLOURS

Solid Colour panels can be printed to match any colour of your choice.

INSTALLATION

Fitting our shower panels is easy and can be completed by anyone who is competent at DIY. Full installation instructions are provided with every panel and we highly recommend the Showerwall installation videos accessible via YouTube and [www.showerwall.co.uk](http://www.showerwall.co.uk).

Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant and adhesive, will invalidate your guarantee.

SHOWERWALL FIND A FITTER

Our Find A Fitter service can be found on our website, through which you can find installers from across the UK who are ready and waiting for you to contact them.

Simply visit: [www.showerwall.co.uk/findafitter](http://www.showerwall.co.uk/findafitter) and enter your postcode to begin your search.

CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted. SuperClean anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of the panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals. Failure to do this may cause water ingress and subsequent panel damage.

A smart waterproof system combined with the character of organic materials; built to last and easy to install.

GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 30 years, from the date of purchase. A copy of the Showerwall guarantee is available to download from [www.showerwall.co.uk](http://www.showerwall.co.uk).

Note your Showerwall panels carry a 30 year guarantee that is limited to domestic use against manufacturing defects, only when registered using the owner registration document contained within the product packaging. If the purchase of your panels is not registered within 28 days of the installation being completed then the guarantee is reduced to a 15 year term.

WATERPROOF PANELLING SYSTEM

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall Laminate panels must be fitted in accordance with the fitting instructions and **must** use Showerwall trims, sealant and adhesives to ensure the system is both waterproof and guaranteed.

EUROPEAN STANDARD FIRE RATED

All Showerwall Laminate panels are classified EN 13501. In addition, selected decors are British Standard Fire Rated Class 2-BS 476 : Part 7 : 1997

ENVIRONMENTAL RESPONSIBILITY

All Showerwall Laminate panels are manufactured using an FSC® certified Exterior Grade MDF core, guaranteeing that the timber used is harvested from responsibly managed forests and other controlled sources. By purchasing a product with such certification, you are supporting sustainable forest management worldwide.

We're serious about our impact on the planet. That's why we're making changes to leave as little mark as possible. From recycled materials to biomass recycling, you can find out more by scanning the QR Code here:

The background of the entire page is a high-resolution image of a marble surface. It features a complex, organic pattern of veins in various shades of grey, taupe, and off-white, set against a lighter cream-colored base. The veins are irregular and flowing, creating a sense of natural movement and depth.
